

April 2017

Vision: Excellent and affordable service delivery, and higher standards of living for our people by 2020

Guided by our vision, Council sought to improve service delivery to its citizenry, and those services were supposed to be high quality and affordable, at the same. Guided by the ZIM-ASSET blue print, we identified that road infrastructure was key to excellent and affordable service delivery.

CHIREZI RURAL DISTRICT COUNCIL

Commissioning of Road Equipment and Related Projects

Chiredzi RDC has procured machinery mainly for maintenance of infrastructure and improving service delivery embracing the ZIM-ASSET as well. Chiredzi RDC now owns a dozer, two graders, front-end loader, UD80 lorry, two tractors, a tipper, and axle dumpers among other service vehicles.local.

The procurement of Road Equipment and Related Projects will lead to the fulfillment of Chiredzi RDC mission statement which is centred on building community livelihoods and improving standards of living in a sustainable manner as well as fostering a sense of partnership in all sectors of the district's economy.

Minister of Rural Development, Promotion and Preservation of National Culture and Heritage Abedinigo Ncube and Minister of State for Masvingo Provincial Affairs Shuvai Mahofa, invited guests who were present has praised the Chiredzi Rural District Council (RDC) for working hard to develop communities by embarking on deliberate programmes to improve the road network, education and the general welfare of the community through this initiative.
